ABSTRACT

This project, Project Cash Management in Sree Rayalaseema Hi-Strength Hypo Ltd, examines the importance of effective cash flow management in ensuring financial stability. It focuses on identifying cash inflow and outflow patterns, optimizing working capital, and mitigating liquidity risks.

Through financial analysis, the study evaluates existing cash management strategies, highlights inefficiencies, and suggests improvements. It incorporates key financial aspects such as cash forecasting, expense control, and payment cycle optimization to enhance financial planning.

The findings emphasize that structured cash management prevents shortages, reduces reliance on external financing, and improves profitability. By implementing efficient fund allocation and real-time monitoring, the company can strengthen financial control and resilience.

This study serves as a guide for financial managers and stakeholders, offering practical recommendations to enhance liquidity management and ensure long-term business sustainability.

ACKNOWLEDGEMENTS

I sincerely express my gratitude to everyone who supported me in completing this project on Project Cash Management. Their guidance and encouragement have been invaluable.

I extend my thanks to our respected Principal **Professor.S. Kasturi Rangan** for providing this opportunity and a conducive learning environment. My heartfelt appreciation goes to my faculty guide Associate Professor **Dr.GSV.Prasada Reddy** for their insightful guidance throughout this project.

I am also thankful to my parents, family, and friends for their constant support and motivation.
